

Catch::makeTestInvoker

```
graph LR; A[Catch::makeTestInvoker] --> B[Catch::Detail::make_unique]
```

A diagram showing a call from the function `Catch::makeTestInvoker` to the function `Catch::Detail::make_unique`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

Catch::Detail::make  
\_unique
