

Catch::StringRef::substr

```
graph LR; A[Catch::StringRef::substr] --> B[Catch::StringRef::StringRef]; B --> B;
```

The diagram illustrates a function call and its return value. On the left, a grey rectangular box contains the text 'Catch::StringRef::substr'. A straight blue arrow points from this box to a white rectangular box on the right, which contains the text 'Catch::StringRef::StringRef'. Above the white box, a curved blue arrow loops back to the box itself, indicating a self-referencing relationship or a return value.
