

Catch::ReusableStringStream::str

```
graph LR; A[Catch::ReusableStringStream::str] --> B[Catch::ReusableStringStream::str]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is filled with a dark gray color and contains the text 'Catch::ReusableStringStream::str'. A straight blue arrow points from the right side of this box to the left side of the right box. The right box is white with a thin black border and also contains the text 'Catch::ReusableStringStream::str'. A curved blue arrow starts from the top of the right box and loops back to point at the top of the same box, representing a self-loop or recursive reference.
